

FIVES

FUTBOL

A group of five men, diverse in age and ethnicity, are shown from the chest up, laughing and smiling together. They are wearing black Adidas soccer jerseys with white stripes on the sleeves. The man in the center has a beard and is wearing a yellow and black Adidas jersey. They are standing in front of a green safety net, likely at a soccer field. The background is slightly blurred, showing the structure of the net and some stadium lights.

WHAT IS 5V5?

THE FASTEST GROWING FORM OF FOOTBALL IN THE WORLD

The small pitches, urban locations, short game times and manageable team sizes make the small sided game (5v5) more accessible than conventional football (11v11).

MORE ACTION. MORE GOALS. MORE FOOTBALL. FIVES FUTBOL BRINGS THIS EXCITING, FAST PACED, END-TO-END GAME TO SOUTH AFRICA

5-a-side is played on state-of-the-art, all weather, floodlit, synthetic grass facilities. It is played all year round, rain or shine, day and night. 5v5 is played by a wide range of demographics including males, females and juniors across all social and economic backgrounds.

THE PREFERRED TEAM BUILDING PLATFORM FOR MANY CORPORATES

Five-a-side football is a great event/ function tool for corporates of all sizes and across all industries. Five-a-side is an accessible, sociable, fun and healthy sport which doesn't discriminate between age, gender and skill levels. Furthermore, it offers an element of excitement for spectators. With the event logistics taken care of by Fives' experienced team of event coordinators and referees, corporates are able to focus on what they wish to get out of the event; whether it be anything from morale building to networking to distribution of knowledge.
